

The screenshot shows the top section of the Machine World website. At the top right, there is a login form with fields for 'Username' and 'Password', and a 'Login' button. Below these are links for 'Click here to register' and 'Click here to get your new password'. The main header features the 'Machine World' logo and tagline on the left, and a search bar with a magnifying glass icon on the right. Below the header is a navigation menu with links for 'Home', 'For Sale Listings', 'Wanted Listings', 'News', 'Questions', and 'Contact Us', along with social media icons for Twitter and Facebook. Below the navigation menu are three buttons: 'Sell Machines', 'Wanted Machines', and 'Ask Questions'. To the right of these buttons is a 'Take Tour' button with a camera icon. Below the buttons is a 'BROWSE CATEGORIES' section with three categories: 'METAL WORKING', 'PLASTIC', and 'OTHER', each with a search bar. A 'View all categories' link is located at the bottom right of this section. A large image of industrial machinery is displayed on the right side of the page.

Welcome to www.machineworld.co.za.

Machine World is your secure on line platform for buying and selling machines. Maximise your advantage by reaching 1000's of accredited members in your market

What makes Machine World different from all other industrial machinery selling websites is that:

- We do not take any commission fees between the buyer and seller.
- We care about the users of the site.
- We help the members sell their machinery successfully by giving them a secure platform.
- We have agents to connect buyers online and offline to the rest of the industry.

Machine World is in its **BETA Testing phase**. We will continue making the site as good as it can be by looking at the following while in the development stages.

- User friendly
- Simple to use
- Easy to understand
- Secure relationships

Benefits of being registered to Machine World:

- Be part of a secure community.
- Connect with dealers and service providers who have been recommended by other members.
- Have access to documents and machine manuals posted by members.
- Source scarce use parts, ask questions online and receive answers from other experienced users.
- Buy and sell at industry prices.
- Have access to experts in their field.
- Advertise your services.

*Below is an example of a question which has been asked.
(Question should be more specific – like: Where can a buy cards for a Bosch 330 controller? Who repairs encoders in Cape Town? Is R790 000 a fair price for a 1991 Trumpf 260?*

- You are able to list machines which you want to buy.
- Subscribe to “machine alert” so that you automatically receive and email on machines you specified as they come on to the market.

Online Chat:

- You are able to use an online chat.
- We provide you with a chat platform to communicate with other members.
